

FOR IMMEDIATE RELEASE

Island Pacific and First National Technology Solutions Partner to Provide Software as a Service Solution

—Partnership will leverage “virtual” infrastructure—

Irvine, CA – February 3, 2010 – Island Pacific, a division of 3Q Holdings (ASX: TQH), announced today that it has entered into a partnership with First National Technology Solutions (FNTS). FNTS, a subsidiary of First National of Nebraska, will provide a state of the art data center to host the Island Pacific suite of retail supply chain solutions.

Included in the FNTS flexible data center hosting solutions are safe, managed, secure, and reliable facilities that are customized to meet the needs of a client with monitoring, capacity planning, operating system management, storage and backup solutions. As a result Island Pacific will be able to leverage the "virtual" infrastructure of FNTS to quickly deploy the Island Pacific Managed Services solution.

Mike Dotson, Island Pacific's Vice President of Global Sales, commented, "By taking advantage of our Managed Services solution, our customers can implement Island Pacific without the costly investments in equipment, personnel and time. As always we remain committed to providing our customers with the lowest total cost of ownership."

"We are excited to be working with Island Pacific", said Kim Whittaker, Vice President at FNTS. "Our partnership will allow Island Pacific to move into more markets and businesses without requiring their customers to invest heavily in equipment or the IT resources to manage them. They can focus on their core competencies and eliminate distractions with a superior technology solution from Island Pacific and FNTS."

Island Pacific continues to develop and deploy high value and innovative software solutions that enable retailers to manage the entire scope of their operations and to understand, create, manage and fulfill consumer demand. These operations include point-of-sale, customer relationship management, vendor relationship management, merchandising, demand forecasting, planning, replenishment, allocation, and event planning.

About First National Technology Solutions

First National Technology Solutions (FNTS) is a full service technology infrastructure company providing data center services, managed services and professional services to businesses. FNTS boasts outstanding data center hosting, managed services and consulting for high-availability enterprise systems. Services range from providing a safe, secure, reliable facility for critical systems to total system outsourcing.

— more —
