## FOR IMMEDIATE RELEASE

### *Shopper's World Selects Island Pacific for Replenishment and Warehouse Solution*

#### **—Additional modules will provide fast return on investment—**

Irvine, CA – January 7, 2010 – Island Pacific, a division of 3Q Holdings (ASX: TQH), announced today that Shopper's World, a subsidiary of SW Group LLC will implement Island Pacific Replenishment and Island Pacific Warehouse. Shopper's World is adding Replenishment and Warehouse to their existing Island Pacific retail supply chain solution.

Island Pacific Replenishment provides retailers with tools that allow them to dynamically project and manage merchandise needs. With Replenishment, a retailer can estimate stock needs with pinpoint accuracy utilizing sales history and future sales forecasts to ensure the right stock is in the right place at the right time while maximizing transportation economics by balancing transportation costs with store needs.

Island Pacific Warehouse is designed to be flexible enough to exceed the demands and needs of the modern warehouse environment. Warehouse enables users to view and manage their facility using logical warehouse mapping. Whether a retailer operate paper-based put-away and picking or barcode scanning technology, Warehouse improves location accuracy, utilizes space, reduces labor costs and enhances efficiencies. Warehouse enables a full audit trail, from point of receipt to point of dispatch, for each item that moves throughout the warehouse.

Mike Dotson, Island Pacific's Vice President of Global Sales, commented, "This is a great example of Island Pacific's ability to keep pace with our customers. We remain committed to providing our customers with the latest functionality and best business practices to fit their changing needs."

"The decision to expand our solution with Island Pacific was an easy one. We are very excited about the additional functionality that Replenishment and Warehouse will bring to our organization. We will be able to replenish our stores in a more timely manner with the right merchandise. This will provide us with immediate payback and improve our supply chain," said Abe Dushey, President of Shopper's World.

Island Pacific continues to develop and deploy high value and innovative software solutions that enable retailers to manage the entire scope of their operations and to understand, create, manage and fulfill consumer demand. These operations include point-of-sale, customer relationship management, vendor relationship management, merchandising, demand forecasting, planning, replenishment, allocation, and event planning.

To see these solutions, visit Island Pacific at the National Retail Federation (NRF) 99th Annual Convention and Expo at Jacob Javits Convention Center in New York City, January 11-12, 2010 in Booth #2343.

### About Shopper's World

Shopper's World is a subsidiary of SW Group LLC. For over 50 years, Shopper's World has held the highest standards in employee benefits, customer rights, and working conditions. There are eleven department stores constituting the Shopper's World chain, located in New York, New Jersey, and Indiana. All stores carry the same merchandise but are incorporated as separate corporations, with their own management staff and retail space. These locations do business under the Shopper's World Name.

Shopper's World offers a full line of casual and dress wear for men, women and children. The children's clothing and shoes segment accounts for the largest portion of Shopper's World inventory. Shopper's World line includes Home Furnishings, which contains decorative items, home décor, bath accessories, curtains, drapes, lighting, kitchen décor, cookware, tableware, bedding, towels and small electronics. Women's clothing includes blouses, dresses, sets, jeans, outerwear, belts, jewelry, wallets, purses, gifts and shoes for dress and casual wear. Shopper's World full line of Men's clothing include shirts, pants, jeans, hats, suits, sport coats and shoes.
