## **3Q Holdings awarded eighth fastest growing technology company in Australia in the prestigious 2006 Deloitte Technology Fast 50 awards**

The Board of 3Q Holdings Limited (ASX: TQH) is delighted to advise shareholders that the Company has been selected by one of Australia's leading professional services firms Deloitte as part of the top 50 fastest growing technology companies in Australia. The Company was selected at the awards luncheon held on November 21 2006 as the eighth fastest growing technology company in Australia.

The Deloitte Technology Fast 50 is a program that ranks the 50 fastest growing technology companies, public or private, based on percentage revenue growth over three years and includes all related industry sectors - life sciences, computers & peripherals, internet, software, communications, semiconductors and components & electronics.

The Deloitte Technology Fast 50 is a global program that began in the United States in 1994. The program was successfully launched in Australia in 2001 and now also runs in Canada, United Kingdom, France, Norway, Sweden, The Netherlands, Germany, Central Europe, Israel, South Africa, China, Hong Kong, India, Japan, Korea, Malaysia, New Zealand, Singapore, Taiwan and Thailand.

The Deloitte Technology Fast 50 winners are ranked based on percentage revenue growth for three years. The 2006 program will rank companies based on percentage revenue growth from 2003 to 2005.

Commenting on the nomination, TQH Executive Chairman Shaun Rosen said, "We are delighted to be part of the Technology Fast 50 finalists and to be selected as the eighth fastest growing technology company in Australia. Whilst programs such as this are important, the fundamentals behind our nomination are probably of more relevance to our shareholders. TQH continues to focus on revenue growth but with a keen eye on bottom line profitability."
