3Q Holdings signs up Miller's Retail Limited for major software and hardware upgrade

The Board of 3Q Holdings Limited (ASX: TQH) is delighted to announce that Miller's Retail Limited (ASX: MRL) has signed contracts with TQH for the complete upgrade of the Millers Specialty Fashion Group using TQH's software application dPOSit.

The upgrade also includes the supply of hardware and software, where required, for the stores.

Miller's Retail Limited is made up of approximately 715 stores trading as Millers Fashion Club, Katies, Crossroads, and 1626 and this contract will mean that TQH will complete the upgrade program that has already seen 365 of the Millers stores implement the upgrade. The final 350 stores will now also upgrade to the Windows based dPOSit and it is expected that the delivery of the hardware and software will be completed in June 2006.

Commenting on the contract, TQH Chairman and CEO Shaun Rosen said, "Millers has been an important client to us since its inception. We are delighted to be continuing the association with them via this major upgrade program."

"Our year to date has been in line with expectations as stated in the TQH prospectus dated November 28 2005. Based on this significant contract being deployed, we expect to finish the year on a strong note."

Any questions on this announcement should be directed to Alan Treisman who can be reached on (02) 9389 3555
