### **Mountain Designs utilise 3Q Holdings Limited in national rollout**

The Board of 3Q Holdings Limited (ASX: TQH) is pleased to announce that Mountain Designs (incorporating Columbia Sportswear), a leader in the outdoor clothing and equipment industry, has chosen to rollout one of TQH's fully integrated Retail Management system, dolFIN, and Point-of-Sale (POS) system, dPOSit,

Mountain Designs incorporates a range of brands that include Columbia and Mountain Designs and the organization is headquartered in Australia and based in Hendra, Brisbane. Mountain Designs operates in Australia and New Zealand and has 36 stores, Columbia Sportswear has 8 stores. This equates to a total of 103 Point of sale lanes.

DolFIN, 3Q's Retail Management software, is modular in design so that different components can be purchased and then interfaced into other third party systems. The implementation is in conjunction with a Third Party ERP application. The solution includes the dolFIN Inventory, Replenishment, Sales Analysis, Retail Management and POS Management modules as well as the dPOSit point of sale.

Commenting on the implementation, TQH Executive Chairman Shaun Rosen said, "We are delighted to be associated with such an iconic brand. Mountain Designs have been in business for a number of years and their equipment is used in some of the harshest places in the world. We look forward to building on our existing partnership and growing with Mountain Designs as the organization continues its expansion."
