

3Q Holdings rolls out 42 stores resulting from Specialty Fashion Group's acquisition of Chain Reaction business.

The Board of 3Q Holdings Limited (ASX: TQH) is pleased to advise that Specialty Fashion Group Limited (ASX: SFH), recently made a decision to upgrade all its 42 stores acquired as part of the acquisition of the assets of the Chain Reaction Group, with the TQH dPOSit software as well as engaging TQH to upgrade all the Point of Sale hardware in the 42 stores.

The Chain Reaction business trades under several brand names including Chain Reaction, Big Advantage, Big City Chic and Girl Mania and became part of the Specialty Fashion Group on January 1, 2007. The Specialty Fashion Group plans to maintain the Big City Chic stores (21 stores) and over time expects to be rebrand the other brands under several of the existing SFH brands including Autograph, Katies and Millers Fashion Group, all of which are already users of TQH Point of Sale software.

Executive Chairman Shaun Rosen said, "Whilst the sale itself is obviously important, continuing our strong relationship with Specialty Fashion Group is also a great endorsement for our product range and we are delighted to win this important contract."

Revenues from the sale are expected to be over \$350,000 and will assist TQH in building on its existing revenue streams for the 2006/2007 financial year.
